TRACK TALK

Round 3 took us to Phillip Island. The weather was fantastic for racing and unusual for June.

Everyone seemed in high spirits both on and off the track. There were a few practical jokes played on some competitors. All meant in fun and gave us all a good laugh. It was good to see the Wright Family back. They were missing from Mac Park as Cara was about to give birth. Little Eva was with us on Saturday. She is definitely a little cutie (nothing like her parents at all). She had many "Aunties" who enjoyed giving her cuddles while we set her Mum to work.

It was great to see our Junior class out on the track. They are very popular with spectators and officials. Keep up the good work girls and boys. Who knows one of you might become a future world champion!

There were a few casualties both people and bikes. Andrew "Storm Boy" Lind had a ride in the ambulance. Hope you are mended Andrew and back racing soon. To all the casualties we hope you are on the mend. Get those bikes fixed and we'll see you at Broadford. Sidecar 57 tried to pick up an extra passenger by way of a Cape Baron Goose. Chris did mention something about dinner and let's grab some takeaway!

Congratulations to Andrew Portelli who was "Best Presented" for the round. Andrew races a Suzuki in the 600 novice class. Seniors don't forget the meeting in July and to everyone else hope to see you at Broadford for Round 4 of the Hartwell Championship.

Do you know?

Can anyone help George Huse locate Rex Brooks, who raced about 50 years ago. They raced identical Velocettes. Please contact the club with any information. Email: hartwellmcc@optusnet.com.au or (03) 9729 7729

Hartwell on the World Stage

Sidecars Last year Adam Treasure along with passenger Darren Dewhurst competed in the World Championship along with selected rounds of the IDM (German Championship), They finished the season 6th in the World Championship. While at the end of the season Adam left the bike in Germany, expecting to be back, he sent the engines home for local engine man Mick DeWith to freshen up. Unfortunately it was looking like Adam was going to sit out 2011 due to the lack of funds. Adam (with the engines) traveled to Germany, and has been working behind the scenes, any way a few people and organizations have stepped up and chipped in. Adam is entered in the IDM round at Sachsenring with German Passenger Andy Wolfram and the Croatian round of the World Championship with Aki Aalto from Finland, both of these guys have experience at the highest level. Update Sachsenring IDM Adam and Andy Qualified 5th. Adam and Andy finished 5th in the race .5 of a second off the podium, well done !.
